ENCRYPTED (P10).....	16
ALL IN GOOD ORDER (P11)	17
EPILOGUE	18

HARVEST (P1)

Here is the correct way to lay out the puzzle pieces:

There are two colors/types of seed left.
So, the answer is 2.

HERD CONTROL (P2)

Here is the correct path:

14 traps were used.

CIRCUIT BOARD (P3)

Each resistor has 3 colors on it. The color bar at the bottom of the page is the correct path to take. You need to pass through those colors in order.

Here is the correct path:

The clips used are 2 & 5, so the answer is 25.

ABOUT THE MAIN DOOR...

The item with the serial number is the camera.

Open the camera.

The serial number is embossed inside.

When you match this to the boxes in the puzzle
you will get this message:

PULL UP AFTER EACH NUMBER

This means you need to pull up on the dial after
turning to each number.

WHERE IS THE DECODER?

You will find the decoder when you unlock the
door. It is hidden under the main lock dial.

DOOR COMBINATION

The door combination is learned from puzzles Harvest (P1), Herd Control (P2) and Circuit Board (P3).

2 – 14 – 25

However, you need to solve the About that Main Door puzzle to find out how to use the numbers correctly.

USING THE DECODER

When you remove the main lock dial, the decoder will be seen on the inside. Use the path shown with the brackets printed on the main door to get the letters for the little lock.

SUBMERSION SEQUENCE (P4)

The lab photo gives you the date to start with:
10/08/2007

Fill the cylinder with water up to that line.
When you submerge the rod a number of units
into the water, the water rises to a letter on the
multi-colored bar.

- 4 – O
- 2 – M
- 5 – E
- 1 – G
- 7 – A

The final word is: OMEGA

WIND FOR WATER (P5)

Install the spare blue pump shaft on windmill one
(1 hour).

Install the spare black blades on windmill three
(1 hour).

Remove both the blades and pump shaft from windmill
five (3 hours) and install them on windmill four
(2 hours).

Use the 80' of pipe as follows: Lay 40' pipe from
windmill one to the water tank. Lay 20' pipe from
windmill four to windmill three. Lay 20' pipe from
windmill three to the water tank (1 hour).

Circle the letters at the end of each section of pipe to
form the word: DELTA.

SCAVENGER'S HUNT (P6)

This is a color-mixing puzzle. When you mix certain colors and combine the lines within the box, they form a letter.

The final word is: SPIRAL

LITTLE LOCK COMBINATION

On the main door are the words you found from the Submersion Sequence, Wind for Water and Scavenger's Hunt puzzles. Use the decoder under the red lock to find the correct letters in the bracket.

OMEGA leads to M

DELTA leads to G

SPIRAL leads to S

The lock combination is: MGS

WHISPERERS (P7)

The Whisperers hands are pointing in specific directions, which correlate with the direction of the next letter in the path. Start with the red “P” and the first Whisperer whose head is outlined in red.

The message reads:
PULL UNDER BOTTLE CAP

MISSING PERSON (P8)

Here is the missing person's path and final hiding spot:

The answer is: $\ddot{\text{T}}$

CODED MESSAGE (P9)

The highlighted symbol does not appear on the black tape.

The answer is: **±**

ENCRYPTED (P10)

The item you need is the unfolded box. There are scratches on one side. When you align it correctly the colored triangles on the top match with Will connect to the triangles on the side. Then, the correct symbol will be revealed in one of the “bullet holes”.

The answer is: **⚔**

ALL IN GOOD ORDER (P11)

You must first have the four key pieces from solving Whispers (P7), Missing Person (P8), Coded Message (P9), and Encrypted (P10). When you perform all steps in order the key should look like this.

Use the key to open the main door.

EPILOGUE

TABLE OF CONTENTS

PUZZLE	PAGE
WHAT IS THIS DISC FOR?	19
SUBMERSION SEQUENCE 2 (P12)	19
FEEL YOUR WAY OUT (P13).....	20
COVER UP (P14)	21
NEW NORMAL (P15)	22
FREQUENCY (P16)....	23
FINAL ANSWER.....	24

WHAT IS THE DISC FOR?

Insert the disc into the camera. Each image gives you a clue to how to solve the final puzzles.

SUBMERSION SEQUENCE 2 (P12)

You need to use the submersion sequence from puzzle P4. The camera gives the date December 22, 2007. When you repeat the steps using the same sequence you get the letters:

4 – T

2 – I

5 – G

1 – E

7 – R

The answer is: TIGER

FEEL YOUR WAY OUT (P13)

One of the photos shows a finger feeling inside the medicine bottle. Feel inside the bottle for the two symbols that correspond with two on the paper puzzle. The symbols are

# 2	TF12
⊙ ↗	AP10
# ↗	TA23
⊙ ≡	TA20
↗ 4	TE10
4 ↗	R104
≡ ⊙	AP03
⊙ ↘	R101

The answer is: TA23

COVER UP (P14)

You'll need those colored shapes again. The camera shows which ones to use and the placement. Lay the pieces on top of the letter grid and read the letters and numbers that show through the holes.

The answer is: R102

NEW NORMAL (P15)

The story isn't the puzzle. The camera has an image of the unfolded box lined up with the house in the upper left corner. When placed correctly the answer is displayed through the holes.

The answer is: TC25

FREQUENCY (P16)

One of the camera images shows the back of the game box. The frequency you need is hidden near the fine print.

The answer is: AP09

FINAL ANSWER

After you find the answers to P12-P16, check the map for the corresponding locations. Each location contains a symbol. Find the symbols to the lists at the bottom of the page and find the matching word in red. Complete the sentence to find your final instructions.

P12 - Tiger →  → PUT

P13 - TA23 →  → ㄱ

P14 - R102 →  → IN

P15 - TC25 →  → THIRD

P16 - AP09 → FIELD → POSITION

“LIFT MAIN DOOR, PUT ㄱ IN THIRD POSITION
AND TRY AGAIN.”

Rebuild the key as shown:

Use this new key in the lock and a secret panel will open up
and reveal the circular key.

YOU WIN!
